## Important Update - April Holidays and Term 2

(as at 2:45pm Thursday 9 April 2020)

Dear Parents and Carers,

Thank you for doing such a wonderful job over the last three weeks to continue your child's learning from home. As a principal and a parent, I completely understand your stress and anxiety. I know the pressure parents have had placed on them having to take on board the learning from home model.

I encourage you all to not overload yourself or your children. This will eventually come to an end and we will get back to normal. Nothing we do can replace the outstanding work of our teachers and the face-to-face teaching and learning that occurs in our school. We are setting work for children to do from home but please just get through as much as you can and trust that when this is over we will be able to get back to supporting your children within our classrooms. Teachers are incredible professionals and when school goes back to normal our major goal will be to make sure that our students are on track with their learning.

In our current environment things can change from day to day but at present I am expecting that things will remain how they currently are for the early part of Term 2. I will continue to update you as much as possible. As per our current procedures, the Week 1, Term 2 learning packages will be available for collection from Tuesday 28 April.

I hope that all our families have a safe and restful break. Now more than ever it is so important to take the time and appreciate our loved ones.

Kind regards,

Mr Hani Zahra  
**Principal**
