L.I.: Chinese numbers 1-10

S.C. - I can count from 1 -10 in Chinese.

- I can recognise 1 -10 in Chinese.

Hope you have fun with this week's activities. Try to finish this by Thursday.

Last week you revised the numbers 一 to 十. You should remember what the ten numbers look like and how to write them. Did you have fun with the hand gestures? Keep practising them and show me how good you are when I see you again at school.

How did you go with trying to write the English for the Chinese numbers? Here are the answers. Ask your parents to help you check them.

一 1      十 10      五 5      八 8  
 六 6      七 7      四 4      二 2

Thanks for trying and you deserve this  !

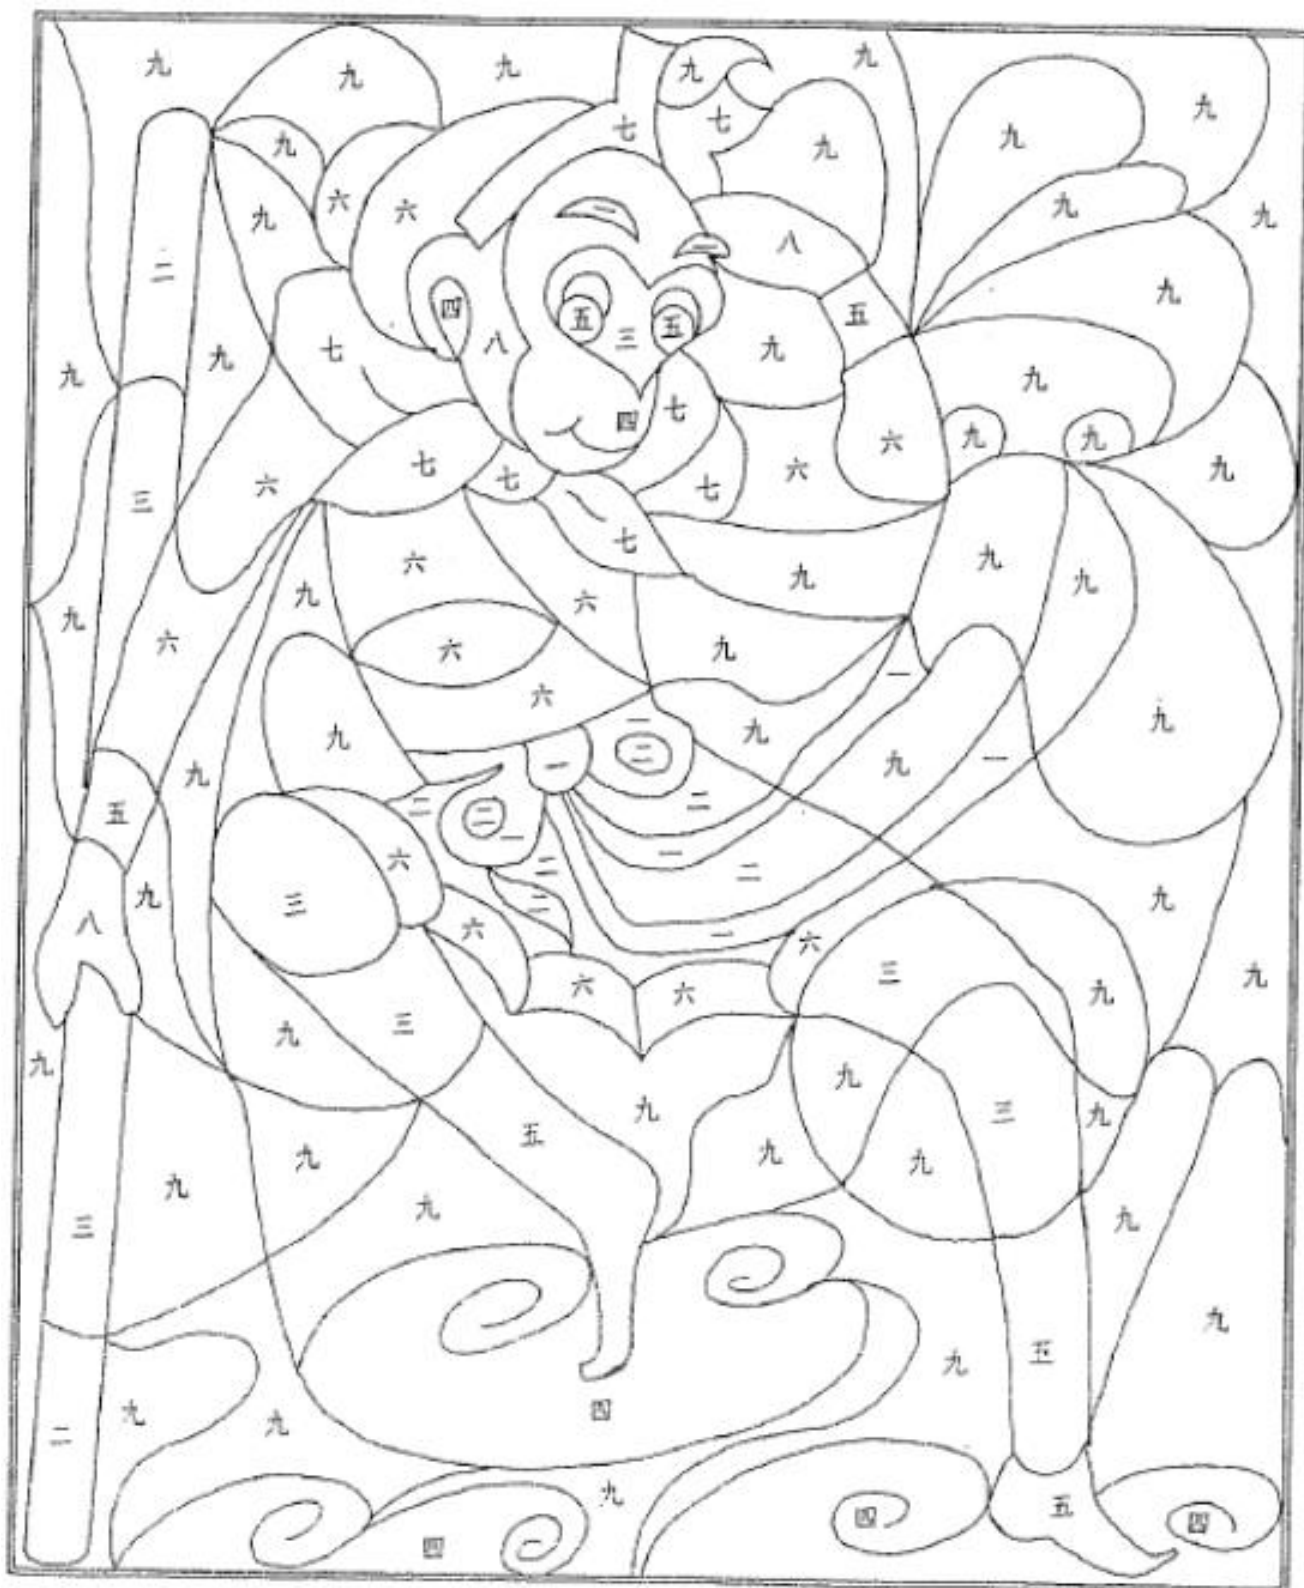

Now let's write the numbers 1 -10 in Chinese again.

number	y ī 一	è r 二	s ān 三	s ì 四	w ǔ 五
trace	一	二	三	四	五
copy					
number	liù 六	q ī 七	b ā 八	jiǔ 九	shí 十

copy					

Get your colour pencils ready. Let's start colouring by the numbers.

1 – green    2 - orange    3 – red    4 – white    5 – black

6 – yellow    7 – purple    8 – brown    9 – blue

Great job    !
