

Please **glue all your Chinese worksheets** in your Chinese book so you can show me your lovely work when we are back at school.

Let's have fun with this week's activities. Try to finish this by Thursday.

Start with writing the date as we always do in Chinese classes. Write the short date for today _____. Now write the Chinese date with the weather.

今	天	是					年		月
		日	星	期		。			

天	气	:					
---	---	---	--	--	--	--	--

How did you go with the questions on Chinese cuisine last week? Are your answers similar to the ones below?

Now write 3 special characteristics of Chinese cuisine.

1. Rice is the core of a Chinese meal.
2. There are several main dishes set on the table at the same time and everyone helps himself or herself to the selection.
3. Chinese people use bowls and chopsticks to eat.

L.I.: Food ^{shíwù} 食物

S.C.: - I can say and write ^{shíwù} 食物.

- I can say at least two kinds of vegetables in Chinese.

We have learned how to say and write ^{shíwù} 食物 (food) and ^{chī} 吃 (eat) in Term 1 and 2. We have also learned about colours in Chinese when you were in Year 1.

Go to you Tube to revise the colours. Just type in 'colours in Chinese' and listen.

Now let's do some reading and listening. Scan this . If the QR code does not work, go to this link <https://www.uniteforliteracy.com/unite/plantsandfood/book?BookId=163> or go to Google and type 'unite for literacy' to get on the unite for literacy website.

Click on this  and type 'what colours do you eat?' and you will see the book at the very top. Click on the book and start reading and listening to it. The book is read in both English and Chinese but you need to click  to listen to the Chinese pronunciation. Click on  on the edge of the book to go to the next page.

Finished with the reading and listening? Well done!

Now try to name two fruits or vegetables in Chinese. When you are confident, say it to someone at home. You can try to teach them by asking them to repeat after you!

You can use the **online Yabla Chinese dictionary** by scanning  for help with the pronunciation. If the QR code does not work, Google 'Yabla Chinese' and go to Chinese English Pinyin Dictionary.
