

Please glue all your Chinese worksheets in your Chinese book so you can show me your lovely work when we are back at school.

Try to finish this week's activities by Thursday.

Write the short date for today _____ . Now write the Chinese date with the weather.

jīn 今	tiān 天	shì 是					nián 年		yuè 月
	rì 日	xīng 星	qī 期		。				

天	气	:				
---	---	---	--	--	--	--

L.I.: Product and Services – money ^{qián} 钱

S.C.: - I can name the denominations of the Chinese currency.

- I can ask about the price of goods.

Do you know how to ask about the price in Chinese? In English we say 'how much?' In

Chinese we say ^{duōshǎoqián} 多少钱? You should know 多 as in 多云 for weather. We learned 钱

last week. The only new word is 少 which looks very much like 小 which means small. 少

has a similar meaning to 小 except it is a small quantity than the size. So 多 (a lot of)

少 (a little bit) 钱 (money) is how much money. Hope you remember how to say 元 (dollar)

and 角 (10 cents). However, they have **different names when it is spoken!** 元 becomes ^{kuài} 块

and 角 becomes ^{máo} 毛!

Scan  or go to You tube, type 'Chinese buddy how much does it cost' in  and listen.

So, ¥ 1 is 一块钱, ¥ 2 is 两块. \$3.50 is ^{sānkuàiwǔmáo} 三块五毛钱. We always put 钱 at the end.

Let's do some writing.
