

Please **glue all your Chinese worksheets** in your Chinese book so you can show me your lovely work when we are back at school. You can also do it in Google Classroom and submit it online.

Try to finish this week's activities by Thursday.

Start with writing the date as we always do in Chinese classes.

今	天	是					年		月
			日	星	期		。		

天	气	:				
---	---	---	--	--	--	--

L.I.: Living Land – preparing for a study tour ^{yóuxuétuán} 游学团

S.C.: - I can complete the questions on vocabulary.

- I can name three things we need for travelling to a different country.

How did you go with the conversation between David and his friend? Can you access the voice file through the QR code?

Is your definition of a study tour similar to mine?

A study tour is **a unique travel experience that combines learning with travelling.**

Now compare your answers to **参加 游学团** conversation with mine below.

1. 大卫暑假去哪里? 他参加游学团去北京。
2. 他去多少天? 他去七天。
3. 谁 要大卫去游学团? 他的爸爸妈妈要他去。

Your answers do not need to be identical to mine as you have not been asked to use complete sentences. However, you should include the underlined parts.

A bit of revision before we start looking at another conversation between David and his friend. Write the English meaning of the following:

lǚyóu 旅游 _____

xuéxí 学习 _____

shǔjià 暑假 _____

List the things you need if you are going with David to the Beijing study tour. You can do it in English.
